Overarching Learning Outcomes	1. Students use language to understand, develop and communicate ideas and information and interact with others.	2.	3. Students recognise when and what information is needed, locate and obtain it from a range of sources and evaluate, use and share it with others.	4.	5.	6. Students visualise consequences, think laterally, recognise opportunity and potential and are prepared to test options.	7.	8. Students understand the cultural, graphic and historical contexts and have knowledge, skills and values necessary for active participation in life in Australia.	9. Students interact with people and cultures other than their own and are equipped to contribute to the global community.	10. Students participate in creative activity of their own and understand and engage with the artistic, cultural and intellectual work of others.	11. Students value and implement practices that promote personal growth and well-being.	12. Students are self-motivated and confident in their approach to learning and are able to work individually and collaboratively.	13. Students recognise that everyone has the right to feel valued and be safe, and, in this regard, understand their rights and obligations and behave responsibly.
